Respected sir/madam

CIVIL TECH VERITAS provides consultancy services for architecture designs, structural designs, project management services, quality audits and many more. Parikshit V Goyani a student of fountainhead school had come to us for internship in 02-May-2024 TO 08-June-2024. During his stay with us we found him to be extremely curious with a desperation to learn. He is a quick learner and a very good observer. He was full of questions and suggestions. During his time with us he took responsibilities to manage staff attendance and other cervical work We wish him all the luck and blessings in all his future endeavours.

For CIVIL TECH VERITAS.

Er, R V PRAJAPATI M.E. (structure)
